Dear Sirs,

Further to previous communications and online training section given to all our authorized ASI inspectors on the new online platform to submit and to apply for ASI inspections, please note that we are working currently in the Beta version and it will be activated during the month of February 2018.

The AMP's IT department will be using this period to test the system and we would like to encourage all the ASI inspectors to login and to start filling their profiles and upload their personal information.

During the Beta period the ASI inspectors will also be able to test the system by entering and uploading any current ASI inspections assignment that they may be working on.

In the event that their user name and/or password do not work, or they have not been received, please contact us immediately to:

If the test of the platform, during February 2018, is satisfactory; the platform should start in full working order on 1st March 2018.

The ASI department will issue a notice with the outcome of the test results once these are made together with a FAQ in case there are new detected during the Beta period.
