MERCHANT MARINE CIRCULAR MMC-368

To: Ship-owners/operators, Legal Representatives of Panamanian Flagged Vessels, Panamanian Merchant Marine Consulates, Recognized Organizations (ROs) and Port State Control Administrations

Subject: Technical E-Certificates onboard

Reference:

- a) FAL.5/Circ.39/Rev.2 - Guidelines for the use of electronic certificates, of 20 April 2016.
- b) Merchant Marine Circular No.347 - Online Certificates Verification.
- c) Merchant Marine Circular No.193 - Optional and Voluntary System for Electronic Books on board of Panamanian Flagged Vessels.

1. The purpose of this Circular is to inform all users of the Panamanian Registry about the List of Certificates that has been already issued by this Administration as Electronic Certificates according to the Guidelines (for the use of electronic certificates), adopted by the International Maritime Organization by the Facilitation Committee (for the use of electronic certificates) through the FAL.5/Circ.39/Rev.2 of 20 April 2016, in order to facilitate the use and acceptance of electronic certificates on board.
2. **Starting from June 4th 2018**, the following new Modules will be ready to be used:
 - National Tonnage Certificate (NTC)
 - International Tonnage Certificate (ITC)
 - Minimum Safe Manning Certificate (MSM) (for cargo, passenger, supply vessels & tug boat)

The PMA is inviting users to use the three new online applications to allow them to become familiar with the new online system.

From June 18th, 2018 until August 1st, 2018, applications may be placed by email or via web, accessing the following link: <http://certificates.amp.gob.pa/certificates>. The Certificates will be issued in electronic form, with Digital Signature, Stamp and QR Code. Original signed document will not be required.

From August 1st, 2018 all applications must be placed using the link provided above.

The system will send as confirmation a receipt of the online application. The team in charge of verifications will receive the online application, once the request is completed via the E-Segumar Application, the application will be processed and the E-Certificate will be sent to the user.

There is no-reply feature available for these email messages.

3. **Applications by email**

For those users wishing to continue using the traditional procedure of applying by email instead of the E-Segumar Application, they may be able to do so, as Segumar offices will receive all the applications and attachments by email as usual until the 1st August 2018. After this date, all these applications must be lodged only online through the “E-Segumar Application” platform.

4. **Enhanced security**

To enhance the online security of the certificates issued by the Online platform, these will have a QR Code, Digital Signature and Stamp. The new QR Code has been added to offer an additional feature to validate Panama’s on-line E-Certificate.

5. **Contacting SEGUMAR**

In the event a user needs to contact the Administration with feedback or any difficulty encountered in the process while using the new three modules (E-ITC, E-NTC and E-MSM); an email can be sent to the following address: rberrocal@segumar.com with copy to npino@amp.gob.pa .

The email will be reviewed and answered by the duty officer located in Panama Segumar HQ.

The PMA and Segumar wish to thank all users that will take part and hopes that with the new modules certificates added to the web platform, the users can get a soft familiarization with the system and to continue receiving the technical support expected from our side.
